

Horse Care Diploma

If you are mad about horses and would love a job in the equine industry then our courses can open up a wide range of career options for you. Whether that's the welfare, husbandry and supervision of horses in a stable or livery, training thoroughbred racehorses, coaching and breeding, or being a jockey, show jumper or support technician, we can help you achieve your goal every step of the way.

We offer three options for you to start your studies in equine management depending on your GCSE results. Our Level 2 and Level 1 courses are ideal should your GCSE results not be what you expected, with the option to progress to Level 2 or Level 3.

Our Level 2 course provides you with basic training in the care and management of horses and will provide with the skills and knowledge you need to gain employment in the equine industry.

Please read the following riding hat guidelines when applying for this course - [2017 BHS Approvals Hat Guide](#)
[FAQ Riding Hat Standards 2017](#)

✓ Ideal if

You are well motivated and want a professional career working with horses with emphasis on the practical abilities.

☰ You'll need

four GCSEs at grade 3 including English and maths, as well as an appropriate level of riding ability.

🎓 You'll learn

About the theory of horse care as well as practical training. You will study through a mixture of lectures and practical lessons.

During this one-year course you will take part in daily riding lessons, carry out yard duties and learn about the theory of horse care, as well as carry out practical training.

There is a non-riding option available.
