

Leading Your Team Level 2 CMI

This programme is for those taking their first step onto the leadership ladder, or aspiring to do so. The priority will be on developing leadership rather than management skills and will focus on the leadership of people to enhance effectiveness.

Over the course of the 4 days you will explore the following topics and undertake some work based tasks in addition to a written assignment to achieve your CMI level 2 Qualification.

- Understanding leadership styles
- Developing a common purpose
- Developing your leadership style
- Leading and Motivating your team
- Building trust and respect as a leader
- Individual advice and guidance
- Career planning and to discuss further progression
- Assignment tutorials
