

Principles of COSHH Award Level 2 Qualsafe

This qualification will prepare employees to contribute to the safer use of hazardous substances in co-operation with their managers and supervisors. This course consists of a series of elements delivered by tutor lead sessions which include group work exercises and general classroom discussions. Subjects covered on the course include;

- The hazards associated with substances
- Risks and controls available to deal with substances
- What to expect from a COSHH assessment

The course is assessed by a 30 multiple choice question paper. The course runs for a half day. Dates are flexible.
