

Career Skills Programme

This course is focused on giving you the skills and knowledge to operate effectively in the workplace, and to help you develop your career. There are 3 pathways you can choose from to develop your industry specific skills. These are construction, hair and beauty and hospitality and catering. To apply, please complete a Cornwall College Course application. If you're over the age of 19, please complete the candidate funding profile so we may confirm your eligibility. You'll then receive joining instructions to confirm where to report on the first day, and what to bring with you. If you've declared you have any support needs, we will contact you prior to the first day to make sure you've got the support you require when you join the course.

□ Ideal if

You would like to develop industry specific skills in one of 3 pathways and progress onto an apprenticeship.

□ You'll need

This course is available for all learners under 19 as well as 19+. If you haven't achieved a grade 4/C at GCSE for maths and English we will work with you to improve your grade.

□ You'll learn

Along with practical skills developed in our industry specific classrooms, you will develop your behaviours, competency and employability work skills to make you stand out from the crowd.

□ Expect

To spend half of your time in college in our workshops, salons or kitchens to get direct, hands on experience in the industry you wish to work on. The rest of your time in college will focus on your personal work skills and making sure you've got your maths and English qualifications, which are your passport to being employed and securing a place on an apprenticeship.

Key facts

Course title:

Career Skills Programme

Location:

Cornwall College Camborne

Start date:

23-04-2019

Course length:

15 weeks (3 days per week)

MAKING LEARNING WORK

□ You'll go on to

Upon successful completion of this programme, you will be guaranteed a place on a full time course, starting in September 2019 in the industry area you've focused on.

Also, the apprenticeship recruitment team will prioritise your apprenticeship application and proactively promote you to employers who are considering taking on an apprentice in the industry area you studied during this programme. The recruitment team will also support you in finding your own placement so you may progress onto an apprenticeship.
