

IT Applications Specialist Apprenticeship

With a Level 2 Apprenticeship, you have the foundation to progress in any direction you choose. In the future, you may be interested in continuing your apprenticeship studies through Cornwall College Business and enrol in the customer service, business administration, team leading or travel and tourism apprenticeship. Alternatively, you may prefer to develop your IT skills and enrol in further software qualifications e.g. programming, network design or network fundamentals.

You will attend lectures at the Cornwall College Camborne or St Austell campuses for 20 days across the year.

During the apprenticeship, you will learn the basics of operating a computer. You will have the opportunity to select units to suit your job role and industry e.g. email, word processing, spreadsheets, database, digital imaging, security software, trouble shooting, IT maintenance or specialist software.

This apprenticeship is designed to allow candidates to achieve the Microsoft Office Master status.

Upon successful completion, you will be awarded the following qualification:

- NVQ Level 2 for IT Users (ITQ)

Key facts

Course title:
IT Applications Specialist
Apprenticeship

Locations:
Bicton College, Cornwall
College Camborne, Cornwall
College St Austell
