

## 18th Edition Wiring Regulations

This qualification is primarily aimed at practising electricians with relevant experience and other allied professionals e.g. surveyors, consultants and other trades needing to update and enhance their understanding of IET Wiring Regulations. It is also suitable for anyone wishing to demonstrate an understanding of the IET 18th Edition Wiring Regulations (BS7671) 2018. There are no formal requirements, but it is expected that you will have a working knowledge of electrical installation practices and some experience in the industry. Please enquire if you are at all unsure about whether this is a suitable course for your needs.

The course will cover the following topics:

- Introduction and structure of BS 7671
- Part 1 Scope, object and fundamental principles
- Part 2 Definitions
- Part 3 Assessment of general characteristics
- Part 4 Protection for safety
- Part 5 Selection and erection of equipment
- Part 6 Inspection and testing
- Part 7 Special installations or locations
