

## DJ & ELECTRONIC MUSIC PRODUCTION DIPLOMA

From playing music ourselves and seeing live acts, to watching TV and films or listening to the radio, music plays a huge part in our lives. Whether you are an artist or simply love music in general this industry has a wide choice of careers for you. From composing to promoting music, and everything in between, our partnership with dBs Music will help you discover where your true passion lies. If you wish to pursue a career in music then we offer you the choice of four specialist courses, all of which are equivalent to A-levels. Our Level 2 course is ideal should your GCSE results not be what you expected, with the option to progress to one of our Level 3 diplomas.

If you fancy yourself as the next great DJ everyone raves about, or want to know about electronic music and how to produce it, then this course is for you. You'll learn about sequencing, mixing, effects, recording techniques, music and sound for moving images. From day one you'll get hands-on with samplers, hardware controllers, synthesisers and mixing desks. This is a very practical vocational course and a serious pathway to that dream career.

### Key facts
