

Floristry Diploma Level 3

If you love flowers and would like a career where you will use your creativity every day, then floristry is perfect for you. From births and birthdays to weddings and anniversaries, flowers are the perfect way to mark any occasion. Floristry is a very social career and being able to interact with the public and provide them with the exact arrangement that is right for them, and their occasion, is a real skill and one that is extremely rewarding.

To ensure you gain all the skills needed for a career in floristry, you will need to start your studies at Level 2. On successful

completion you can go into employment or continue your studies at Level 3. This level 3 course is aimed at those wishing to run their own business or be in a supervisory role. It will cover a more diverse range of design and explore European influences, techniques and new trends within the industry. This qualification could also be used for progression into teaching. Nine comprehensive units will be covered consisting of both practical and written assignment work. Modules are taught via demonstrations, lectures, tutorials, and practical workshops. You will be trained by industry specialists who run their own businesses or work within the industry. Who will deliver, instruct and provide up to date industry techniques within the designated floristry department.

As part of your course you will be required to carry out Work Experience and/or an Industry Placement. For more details please [click here](#).
