

Electrical Installation Diploma

16-19

Adult

So you want to be an Electrician?

Welcome to level 2 electrical installation.

Following on from level 1 or starting directly at level 2, this 2 ½ day a week course offers a wide range of technologies found today within the electrical industry, from basic domestic installations to industrial, commercial, renewable energies, smart homes, car charging to mention but a few. Our extensive and high class training facility offers the learner every advantage in completing this course. Our lecturers are all time served and experienced personnel from diverse areas within the industry and are energised and driven to help you make your dream come true.

The 1st thing you will notice is our large well stocked practical bays, where, as students you will get lots of hours of practical experience, from simple lighting circuits to more complex simulated house installs. We supplement this with extensive classroom learning, thereby equipping you with all the basic knowledge and practical experience to set your career off on a solid foundation from which you can build a bright future within the electrical industry.

So if you are up for the challenge, enjoy the satisfaction of achieving what some consider “electric- trickery” and have the drive and determination found within the “intellectuals” of the trades, this is the ideal starting point on a road that can lead you anywhere and indeed everywhere.

Your journey to Success is just about to start!

So do not delay sign up today.
