

# Plumbing Studies Diploma

16-19

If you enjoy getting hands on and have your sights set on becoming a plumber, then this is the course for you and will be your next step after level 1 to further your career in the construction industry.

The first thing you'll notice about this course is that it's about practical learning – you'll be spending a lot of time in our workshop, learning by doing as you work on a range of pipes and systems.

You'll be looking at everything: cloakrooms, appliances, cylinders, boilers and bathrooms. Basically any plumbing installation you find in a house you'll be studying it and developing all of the essential skills you need as a plumber, carrying out maintenance and repair activities as you progress through the course.

Our workshop features industry-standard equipment and kit. We also have a strong partnership with the plumbing industry in our area, so employers know a plumbing qualification from The Cornwall College Group means you have the very best skills as a plumber. So, if you're a bit of a hands on person and want a career in construction, this is the best next step after level 1.

As a Level 2 course, this diploma is all about advancing your knowledge gained in level 1 for and developing your essential skills even more. You'll be learning from experienced plumbing and heating engineers, who are there to give you the very best next step to your career.
