

# NEBOSH General Certificate

## Employer Training

This Level 3 Neboosh General Certificate course is ideal for those working in management, supervision, or anybody with health and safety responsibilities and is a perfect course for those wanting to embark upon a career in Health and Safety.

This course will cover:

- How to effectively manage health and safety
- The UK's key legal requirements
- How to identify and control common workplace hazards
- How to measure if you've been successful

Following completion of the course you will be able to:

- Confidently carry out risk assessments
- Develop and implement an action plan
- Manage and minimise workplace risks
- Support and develop company health and safety culture

Assessment will take the form of an open book examination and a practical risk assessment.
