

Principles of Care Planning Certificate (Online)

Adult

Employer Training

In the care sector, it's important that residents and patients are treated with a friendly and caring approach. The need for high-quality, skilled and knowledgeable care workers has never been greater. Our level 2 course in Care Planning will make sure you've got all the knowledge you need to provide high-quality care for the people you work with. It will help you to develop personally and professionally and evidence your competency to employers. You will learn about person-centred care and the best ways to provide support with everything from nutrition and hydration to personal hygiene and continence care.
