

Understanding the Care and Management of Diabetes Certificate (Online)

Adult

Employer Training

CORNWALL
COLLEGE

Diabetes is a growing health problem worldwide, but it can be prevented, delayed or managed with simple lifestyle changes. Whether you work in the care sector or just want to look out for your own health or the health of someone you know, this online course will provide you with essential knowledge. You'll learn about the different forms and causes of diabetes, as well as the care, treatment and management of the condition.
