If you've an inkling, idea or certainty you have a novel and/or short story in you, this six-week course in creative writing could be just what you need to get started.

In an ultra-friendly and nurturing environment, we will look at practical ways of thinking about storytelling. Drawing on selected texts and various writing exercises for inspiration, we will explore: narration and voice; structure and tension; character and dialogue; pace, and even routes to becoming published - eek!

Whether you're a first-time writer or looking to reinvigorate a long-term project, or if you're simply curious about the writing process, the goal of this course is to give you the tools to play, create and develop your vision.
