

# CAVA Access to He Diploma (Creative Arts)

Adult

Are you are a creative person? Have you been thinking about returning to education, to study for a degree in art and design, but don't feel that you are quite ready? If the answer to these questions is yes, then this is the course for you!

The Access courses are designed to support mature learners (19+) so that they can progress confidently onto a degree at the end of the year. You will be supported with that application through UCAS. This course is just one year of study, so it is intense and fast paced, but at the same time it will introduce you to an exciting range of creative skills and ideas. As it is only one year, learners are expected to spend between 5-8 hours home study a week.

In the first two terms you will have an introduction to: 2D skills, mixed media, colour theory, print, photography, graphic design, textiles, life drawing, 3D skills and ceramics. These will be taught by specialist staff mainly through a series of practical workshops. You will also develop your research, writing, and other study skills through the theory units; all of which are designed to prepare you for study in Higher Education.

In the third term you will be able to write your own brief and display the work in our end of year exhibition.

You will have your own generous studio space for the duration of the course, where you can create and display your work. In addition you will be able to use the dedicated workshops for Photography, Print, 3D and Ceramics.

This level 3 qualification is all about engaging, supporting and developing your skills and ideas, to enable you to gain the confidence to progress onto a creative arts degree.
