

Introduction to Access: Print and Textiles

Adult

Leisure and Professional

This course introduces adult learners to a range of textile printing and dyeing techniques. Students will explore traditional and contemporary methods, from natural dyeing to screen printing, heat transfer, and foil application. Over the 10 weeks, they will develop a foundation in fabric preparation, composition, and layering techniques. By the end of the course, learners will have produced a portfolio of samples and a final textile piece showcasing their newly acquired skills.

By the end of the course, learners will:

- Understand fabric preparation, mordanting, and dye-fixing techniques.
- Develop skills in various textile printing methods, including natural dyes, screen printing, and heat transfer.
- Experiment with colour, pattern, and composition.
- Learn about sustainability and eco-friendly dyeing methods.
- Produce a final textile piece incorporating learned techniques.

Please note: A £30 material fee will be charged for this course.
