

T Level Engineering and Manufacturing

16-19

This qualification is for you if you are a 16-19-year-old learner, who wishes to work within the engineering industry.

It has been designed to deliver a high level of knowledge about the engineering industry as well as the occupational skills required to enter the industry (known as 'threshold competence'). A learner who completes this qualification is well placed to develop to full occupational competence with the correct support and training.
