

Calm and Confident: Overcoming Anxiety

Adult

Join Our Transformative Workshop: "Calm and Confident: Overcoming Anxiety"

Are you ready to take control of your anxiety and embrace a more confident, creative you? Our workshop is designed to help you understand anxiety, its effects on the brain, and how to use techniques to manage it effectively.

Workshop Highlights:

- **Understand Your Brain:** Learn how anxiety affects your brain and body and discover the role of the amygdala and prefrontal cortex.
- **Practical Tools:** Gain practical coping strategies and neuroscience techniques to reduce anxious feelings in real time.
- **Goal Setting:** Set personal goals for managing anxiety and create actionable plans to achieve them.

Workshop Overview

- **Understanding Anxiety** through the lens of Neuroplasticity
- **Forming habits** and breaking old patterns.
- **How to manage anxiety** – techniques to take away
- **Develop a plan** to build resilience and emotional regulation.
- **Build your personal goals** through the ten-sentence method.

What You'll Learn:

- **Brain-Body Connection:** Understand how your brain reacts under stress.
- **Emotional Resilience:** Develop skills to stay calm and composed in challenging situations.
- **Confidence Building:** Unlock your potential and embrace a more confident, anxiety-free version of yourself.

Takeaway Content:

- Your personalised ten-sentence method summary
- Building Resilience Practices into Your Daily Life
- Managing Anxiety Techniques
- Personal Goal setting for building resilience
