No	Hazard	Control Measures	Residual Risk (after controls applied)			Agreed by ELT
			L	S	RR	Y / N
1	Virus transmission by contact with infectious persons	<p>We will ensure that we minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, or have tested positive within the last 10 days do not and must not under any circumstances attend the setting. <i>Staff advised by Insight and students at invite.</i></p> <p>When we become aware that someone who has attended has tested positive for coronavirus (COVID-19) we will contact the <a href="#">local health protection team</a>. We are working closely with them and they contact us directly when they become aware that someone has tested positive for coronavirus (COVID-19) and attended our premises, as identified by NHS Test and Trace.</p> <p>The health protection team work with us to guide us through the actions we need to take. We send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious.</p> <p>The local health protection team will provide definitive advice as to who must be sent home.</p> <p>We do not share the names or details of people with coronavirus (COVID-19) unless essential to protect others.</p> <p>Further guidance is available on <a href="#">testing and tracing for coronavirus (COVID-19)</a>.</p> <p>If we have more than two occurrences on one campus we will engage with the local health protection team to manage the situation following their advice.</p>	3	4	12	Y

### COVID 19 SECURE COLLEGE RISK ASSESSMENT

2	Virus transmission from illness on site	<p>If any person becomes unwell with symptoms of coronavirus (new continuous cough or a high temperature or a loss of, or change in your normal sense of taste or smell (anosmia)) whilst at College they must immediately report to their tutor, supervisor or other college host / representative and return home as soon as is reasonably practicable and follow guidance found here: <a href="#">guidance for households with possible coronavirus infection</a>. This advice to be printed out in full for all staff on site to access. Isolation rooms available on every site and unwell person to proceed there without delay.</p> <p>College procedure to follow is found in the document finder in Insight, search for person showing signs of coronavirus.</p> <p>Any person that becomes unwell with symptoms of coronavirus will need to:</p> <ul style="list-style-type: none"> <li>• <a href="#">book a test</a> if they are displaying symptoms – no-one must come to college if they have symptoms, and will be sent home to self-isolate if they develop them at college</li> <li>• provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace</li> <li>• <a href="#">self-isolate</a> if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)</li> </ul> <p>The college will engage with the local health protection team to manage any outbreak within the college community. Further guidance is available here: <a href="https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/">https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/</a></p> <p>The college contact will be: Kate Wills.</p>	3	3	9	y
3	Virus transmission by touch	<p><b>Space</b></p> <p>Where social distancing of 2m or other control measures such as screens are not in place work can be done from home (where work can be done from home such as business support or admin curriculum) on an alternate day / rotational basis.</p> <p>People are grouped into learning cohorts or bubbles, respecting bubbles reduces transmission of the virus.</p>	3	2	6	

**COVID 19 SECURE COLLEGE RISK ASSESSMENT**

		<p>Commercial / vocational / workshop environments will be different and TCCG will follow sector specific Government guidance: <a href="#">working safely during coronavirus (COVID-19)</a> – mitigation will be used for those needing to be in closer proximity such as face visors.</p> <p><b><u>Hands</u></b>          Everyone must clean hands thoroughly more often than usual.          Coronavirus (COVID-19) is an easy virus to kill when it is on skin. This can be done with soap and running water or hand sanitiser.</p> <p>Learners are required to clean their hands regularly, including when they arrive at our settings, when they return from breaks, when they change rooms and before and after eating. Hand sanitise at the start of every lesson, sanitiser provided in every classroom and further installed at regular intervals throughout.          Regular and thorough hand cleaning is going to be needed for the foreseeable future.</p> <p>Reminder signage is displayed throughout premises and Staff remind each other and students.          College provides and maintains hygiene systems at entrances, exits, toilets, kitchens and periodically in long corridors.          Cleaning scheduled throughout day, staff and students to clean own areas with hand washing available to all.          Additional cleaners employed.          Shared equipment will be cleaned thoroughly between uses and scheduled to allow cleaning.          Work stations / computer spaces are only shared where there is a strict cleaning regime in place both before and after use. Standard cleaning materials such as detergents and bleach will be used.</p> <p><i><u>Virus transmission risk is minimised by forming cohorts or bubbles, working teams and learning teams.</u></i> Organising avoids a whole team being unavailable – multiple bubbles and scheduling on a rota basis.  <i><u>Staff are sensitive to and respect bubbles.</u></i></p>

**COVID 19 SECURE COLLEGE RISK ASSESSMENT**

		<p>Social contact actively discouraged. Large meetings avoided and electronic meeting solutions used where practicable.</p> <p>Each campus produce specific risk assessments following FE specific guidance in addition to sector specific guidance found here: <a href="#">working safely during coronavirus (COVID-19)</a></p>				
4	Virus transmission by air	<p><b>Space</b> Where social distancing of 2m or other control measures such as screens are not in place work can be done from home on an alternate day / rotational basis. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach. College has signage in place, staff remind each other and students regularly.</p> <p>Social distancing measures supported and enforced.</p> <p>Teachers teach at the front of classrooms maintaining 2m social distancing.</p> <p>Classrooms will be set up as 1m+ mitigation such as sat side by side or screens used.</p> <p>Face coverings worn face to face where less than 2m distancing is necessary.</p> <p>Face coverings may be worn by anyone anywhere if they so wish.</p> <p>Students do not sit face to face unless 2m socially distanced.</p> <p>Exam rooms set up as per JCG guidance and marshalled so as to adhere to social distancing requirements. Invigilators can wear provided visors if they wish.</p> <p>One way systems where possible, sneeze guards where necessary.</p> <p>Promotion of adequate ventilation, with doors and windows to be open where possible and not causing significant fire risk. People dress accordingly.</p> <p>Poorly ventilated spaces are not in use for multiple occupation.</p> <p>Layouts of office and learning spaces to facilitate social distancing with reduced face to face, increased side to side and facing forwards or away dependent upon the setting.</p>	2	4	8	y

### COVID 19 SECURE COLLEGE RISK ASSESSMENT

		<p>Each campus has risk assessed and published risk assessments to staff for comment.</p> <p>Shared spaces labelled with covid secure capacity.</p> <p>English and Maths – allocated larger classrooms with the teacher at the front ensuring these teachers have the correct PPE and the classrooms are cleaned between each different group.</p> <p>We ensure teaching staff have the proper time and equipment to do the cleaning of the classrooms.</p> <p>Shared Equipment cleaning is supervised by tutors in learning spaces.</p> <p><b><u>Face</u></b></p> <p>During the period of national restrictions we now require everyone on site to wear face coverings in communal areas such as corridors, receptions, meeting rooms, learning resource settings and student common rooms. Anyone may wear a face covering anywhere if they so wish. Medical exemptions for staff with respect to wearing a mask will need to be notified to HR or line managers.</p> <p>Face covering are also still required in all close contact situations for staff and learners such as working with an LSP 1-2-1 and some workshop demonstrations.</p> <p>Risk assessment identifies the requirement for face coverings in other areas such as music mixing studios and practical activities where close observation is necessary.</p>				
5	Clinically extremely vulnerable	<p><b><u>Clinically Extremely Vulnerable (CEV)</u></b></p> <p>For the period of the new national restrictions staff who are classified as clinically extremely vulnerable, that is people with specific serious health conditions as defined by the government, should work from home. Staff who are CEV must inform their manager. Where CEV staff are in a job role which does not allow them to work from home the College will allocate suitable work to them or, where this is not practical, place them on furlough at full pay.</p>	3	2	6	y

**COVID 19 SECURE COLLEGE RISK ASSESSMENT**

	<p>Clinically Vulnerable and Staff over 60.</p> <p>Pregnant</p>	<p><b><u>Staff who live with someone who is Clinically Extremely Vulnerable</u></b></p> <p>The government advice is that staff can continue to come to work in a COVID secure workplace where they themselves are not CEV but someone in their household is. Based on current information employers can furlough such staff on 80% of salary. For staff in this category we will consider requests to be furloughed at the government rate whilst this is available. For staff in this category who remain in work we will carry out an individual risk assessment where requested to ensure that we minimise risk with reasonable adjustments.</p> <p><b><u>Clinically Vulnerable and those over 60</u></b></p> <p>The government have advised that those who are over 60 or clinically vulnerable should “be especially careful” to follow social distancing and minimise contact with others, as well as continue to wash hands “more frequently” and “maintain thorough cleaning of frequently touched areas in your home and workspace”. Staff in this category must let their manager know that they are CV or over 60 and complete an individual risk assessment with their manager and / or HR to consider reasonable adjustments to support them in the work place.</p> <p>During the pandemic, pregnant workers must follow strict social distancing to reduce the risk of severe illness from coronavirus. Any pregnant workers who are CEV will follow above procedures.</p>				
6	Anxiety felt by relative of vulnerable person child or one with pre-existing condition	<p><b><u>Staff with remaining concerns regarding safety</u></b></p> <p>The government has mandated that Colleges remain open and so we do need staff onsite. We have completed extensive risk assessments to make the College a COVID secure workplace. Managers should discuss reasonable adjustments where staff feel anxious. If you have a staff member who is required to be on-site and will not return then we will allow unpaid leave.</p>	4	2	8	y
