

19-30 RESIDENTIAL BURSARY FUND 2021-2022

GUIDANCE NOTES

The Residential Bursary Fund is intended to provide financial help towards the costs of term time accommodation for people aged between 19 - 29, attending a designated provider of specialist provision, where that provision requires the person to be resident in order to participate **because it is not available locally**. The Residential Bursary Fund should be used to help people with the costs of term time accommodation whilst they are learning, it cannot help if you are relocating.

Students in Private Accommodation will be responsible for the full cost of the accommodation until all the required documentary evidence has been provided AND the bursary has been agreed and confirmed by the College. Payments can then be made direct either to the Landlord or to the student (providing evidence of a standing order or direct debit is also submitted). Payments are made at the beginning of each Term, when your attendance at college has been confirmed.

To be eligible you must:

- Be enrolled on a full-time further education course which is not available to you locally and not be within a reasonable travelling distance (a daily return journey that takes two hours or less on public or college transport).
- Be aged between 19 - 29 (under 30) on 31 August 2021.
- Have been living and studying in the UK for the last three years.
- Have a combined annual household income of less than £31,000 for the 2020-21 tax year.
This is based on the combined household income of students
- If you are living in private term time accommodation then it must be within 15 miles of the college campus.
- You must NOT be in receipt of Housing Benefit or Housing Support via Universal Credit
