BOOTCAMP

Lifelong learning

Skills Bootcamps are a suite of high-quality courses created to support adults aged 19+ to gain essential knowledge and skills.

The Bootcamps are completely free and available to anyone living in England, either in work, looking for work or returning to the workforce at Level 3 or above.

Each Bootcamp is packed with essential information designed to equip you with the knowledge and skills necessary to step into a new role. Everyone completing the Skills Bootcamp will be matched with an interview opportunity.

The programme, funded through the National Skills Fund, includes different Digital and Technical Skills Bootcamps that have been tailored to help local people advance or pivot their skills into growing sectors while encouraging inclusion and diversity.

You don't need prior knowledge to be able to access one of the nine Bootcamps. People from all backgrounds are encouraged to apply as support will be given to assure you get the most out of your course.

Each Bootcamp will support you to gain essential knowledge and skills, all whilst building your confidence and understanding of your chosen industry sector.

The Bootcamps are perfect for people who have previously struggled to complete traditional training routes, as the format of the courses has been adapted for different learning styles and needs.

Digital Skills in Health & Social Care

This Level 2 Bootcamp will equip learners with the technical digital knowledge in both health and social care. You will learn skills that will be required for successful employment or progression within the industry.

The Bootcamp will cover digital identity, wellbeing and safety, information, data and media literacies, teaching, learning and self development, communication, collaboration and participation and technical proficiency.

Key benefits for learners

- The Bootcamps are the perfect opportunity to study and master a new skill at no cost to you.

- Having the courses being created alongside employers means completing a course gives you the edge of having up-to-date knowledge informed by industry. This ensures you acquire and develop industry skills that meet current market needs.

- Upon completing a Bootcamp, you have a guaranteed interview with an employer, assuring you make the first steps towards the career you desire or simply a better role for you.

- If you're looking to learn new skills in your current role, the courses will support you to fill in any knowledge or skill gaps you might have, allowing you to progress in your job.

- It encourages you to pursue a career change on your own terms, whilst also having the guidance of industry experts.

- Flexible online delivery on some Bootcamps.
